## 2 Door Lockers

Multi-User Steel Lockers can be used in all types of facilities and industries, making this product perfect for any environment. Our variety of designs work for all different needs!

### Features:

- Steel construction
- Multiple door compartments
- 12" depth
- Sequentially numbered labels provided for easy identification.
- Slanted Top (-ST) option available
- We offer select locker colors to choose from (lead time applies).
- Ships fully assembled
- Mesh grid vented

### Benefits:

- 3 Column sets are pre-attached.
- All lockers open with door pulls and will accept padlocks or flat key locks (both not included).
- Doors are vented for security and clear identification of personal items.
- Box bases prevent dirt, dust, and debris from accumulating under the lockers, keeping the locker area clean and reducing labor costs.
- Sturdy steel design secures locked items.

WL-21

### Locker Custom Colors:

- Add the color chart suffix to the end of the locker model number when placing your order
